# Knilling® Perfection® planetary pegs

*So easy, even a child can tune a violin, viola or cello!*

Teachers, students, and professionals are all raving about the extraordinary Perfection planetary pegs, which feature revolutionary application of tried-and-true planetary gears, to ensure non-slip, non-stick tuning so smooth and effortless, that even a beginner can learn to tune (and stay in tune) without fear of slipping or sticking pegs.

- 4:1 gear reduction ensures easy and fast precision controlled tuning. Educators love the time-savings, seconds as opposed to minutes per instrument for tuning!
- Advanced engineering and materials, plus sealed gears for smooth, maintenance-free function and durability.
- Easy to install (uses exactly the same reamer that is used for conventional peg installation), safe for the instrument, and eliminates the need for fine tuners which improves instrument response.
- Perfection pegs look identical to conventional pegs when installed, for aesthetic appeal.
- Extensively tested to ensure reliable performance and long life.
- Terrific for older players with arthritis or weakened hand grip.

# GelRest™

The ultimate in chin protection. Gelrest™ gently molds to your chin making your violin feel like it was made for you. The GelRest is even molded with special contouring that make holding the violin in the correct position much easier, without bruises or scarring.

Comfort is important, but looks are important too. That's why the GelRest™ is designed to blend in with the classic look of the violin. Since the GelRest™ is molded, we were able to base our molds on the classic chinrest shapes: Strad, Teka, Flesch no-hump, Guarneri 1/2 size, Mulko, and the ever-popular Guarneri.
